Riddle from Amber K.

6. So you have collected every single item in the pokemon game, and you want to have a gangar, so you get a gastly and you evolve it to a haunter. Then you put a item accidentally on your haunter, but you have too many items to notice it. (lets say all pokemon that need to be traded evolve at level 50) Once it got to level 50, it did not evolve. How could this happen?
